

LOCAL RESULTS OF BIG U. F. A. FALL DRIVE

The U.F.A. Drive, inaugurated to take place Monday and Tuesday, Nov. 1st and 2nd in Alberta, Saskatchewan and Manitoba simultaneously, had as one objective the increase in membership of the organization with a view to refuting the argument put forth in some quarters that the U.F.A. was not numerically representative of the farmers in the three western provinces. If local results to date are an augury of the success of the drive generally, full results will effectively lay the argument on the shelf.

The object of this drive was to cover every constituency on November 1 and 2, making a thorough canvass of every farm home to enlist every farmer and farm woman in the U.F.A. or U.F.W.A., to make them paid-up members of the U.F.A. political organization, and to place The Grain Growers' Guide, the official organ, in every farm home.

The objective of each canvasser was \$6.00—covering \$2.00 for membership in the U.F.A.; \$1.00 for membership in the District U.F.A. Political Association; \$2.00 for a year's subscription to The Grain Growers' Guide, and \$1.00 to go into a central organization fund, out of the latter all expenses of the drive will be paid.

Local Results

P. Damon and Jesse Johnson, in canvassing the east half of Township 8, range 26, met with eminent success—every voter coming forward with his subscription to the fund—these canvassers were 100 per cent successful in their allotted territory.

Mayor J. L. Fawcett covered the south half of Township 8, range 25, and was 100 per cent. successful in all cases where canvas was made—some few farmers had not been approached in the matter up to Wednesday, but will be called upon before the week-end and Mayor Fawcett is optimistic of the full quota in his territory being enlisted in the growing ranks.

T. Purdy, covering the north half of Township 7, range 25, also reports 100 per cent. enlistment of all farmers approached and the same enthusiastic belief in the full enrolment of those to be seen later this week.

W. H. Shield, president of the local association reported this morning that he and J. Horner in the west half of township 8, range 26, and Hugh Macintosh and J. R. McLean, in township 9, range 26, met with 100 per cent. success and states that the farmers are enthusiastically in favor of the movement in all its phases and that successful canvassing was a mere matter of accepting membership and fees.

Without a doubt when full reports are in the feasibility of the U. F. A. political organization will have been demonstrated and its fact established with the result that the organization will, at elections now imminent, have candidates in the field in every western constituency and with fair justification of their hope of real representation of agricultural interests in government membership of the near future.

No Wednesday half-holiday next week.

G.W.V.A. MASQUERADE BALL WAS A GRAND SUCCESS

The Masquerade Ball given by the Great War Veterans Association proved to be one of the best functions of the season.

On Monday night the Great War Veterans Hall in Macleod was turned into an Arcadia on the occasion of the Halloween Masquerade Ball, given under the auspices of the G. W. V. A. in Macleod.

The dance commenced at 9.30 p.m. and within fifteen minutes of that time the hall presented a perfect representation of Fairyland. There were costumes of every description from the Lord High Executioner of Japan down to the redoubtable and children's favorite, Mutt and Jeff in the male element, and Fairies, Queens, Gipsies, and other pretty costumes favored by the gentler sex.

Great credit is due to the G.W.V.A. Committee, comprising C. McGladdery, J. McLarty, J. Pollard, W. Hoodless, C. Cowan, T. W. Whitefoot and P. J. Roberts; for the very excellent way in which the hall was decorated and for the very smooth way in which the arrangements were carried out, in other words, putting it in the vernacular of the West—"There was not a hitch in the whole proceedings."

About 11 o'clock the Judges were called upon to perform a strenuous task in awarding the prizes for the best character costumes and the best portrayed comic costumes. But Mrs. J. Swinerton and Mrs. T. B. Martin as Judges, together with the adept and experienced Mr. J. Matheson, as umpire, carried the process through without fear or favor, impartially and with entire satisfaction to every person present. Their decisions were undoubtedly very popular; and the judging committee, considering their very arduous task are to be commended on their awards.

Following are those who received the prizes:—1st, Ladies', Mrs. Stockton (Leaf); 2nd, Miss M. McCartin (Japanese Lady); Comic, Miss Ella Hicks (Buster Brown). Gentlemen: 1st, Const. Graves (Lady); 2nd, S. Ellis (Chinaman); Comic, M. Black (Jeff); prize donated by Mr. C. K. Underwood for best Irish Costume—Mr. Littlepage.

It is only right to call attention to a number of other very pretty and handsome costumes worn by a large number of participants. Special mention should be drawn to the Chain Gang. This Gang of Convicts (arrayed in the old black and white convict regalia) arrived in the hall marching perfectly in the regular prison formation and during the evening they caused endless amusement for those present. Also two other amusing characters were those of Simple Simon and his brother, who portrayed their parts to perfection. It is impossible to give in detail the number of magnificent ladies' costumes that were in evidence, there were pretty Red Cross Nurses, dainty Fairies, sweet Ladies of the Orient, mysterious Lady Nimrod, dark hued Indians and frisky Pierottes, besides numerous others equally pretty and picturesquely portrayed.

At 11.30 after the grand parade of all those in costume, a sumptuous repast was enjoyed, following which those lovers of the terpsichorean kept the program open until the "We Smoo Hours."

It would be a sad omission if we closed this report without giving due commendation to the orchestra under the leadership of Mr. Smith. Their music was all that could be desired and was greatly enjoyed by all present.

In closing we would say the Masquerade Ball was one of the best and most successful ever held in the Town of Macleod, and promises well for the Armistice Ball to be held at the G.W.V.A. Hall on November 11th. The Veterans are not sparing in any effort to make the forthcoming Ball a great night, and the Committee who so successfully arranged the Masquerade Ball is arranging the forthcoming Armistice Ball. This alone speaks for itself.

ONE BRANCH FOR SOLDIER AFFAIRS

WINNIPEG, Nov. 1.—The Manitoba Free Press carries the following from its Ottawa correspondent:

"The amalgamation of the various branches dealing with pensions, soldiers' settlement, soldiers' insurance and others matters of direct interest to the returned men, into one department, probably to be known as the department of ex-soldiers, is said to be in contemplation at Ottawa. The department of soldiers' re-establishment, while still spending a lot of money on administration is gradually going out of business and its activities will shortly be confined to the care of incurables.

"In the meantime the pension, soldiers' settlement and insurance branches are being run pretty well as separate and individual organizations.

"Sir James Loughheed, minister of the interior, is still nominally head of re-establishment. It is now anticipated that a new department will be formed embracing all of the activities connected with the returned men."—Morning Albertan.

CAST AND STORY "JUDY OF ROGUES' HARBOR"

Judy, a little country girl, lives with her supposed grandfather, her sister Olive, and their cousin Denny, aged four. Grandp, sored by the elopement of his daughter Claudia, ill-uses Denny. Judy, the tender hearted, to shield Denny effects a bargain to take two blows for every one Grandp intends for Denny. Jim Shuckles, a brutal farmer neighbor, infatuated with Judy, makes love to her, but Judy is warned by Olive not to marry Shuckles, who has compromised Olive.

Jim Shuckles, in an effort to bring Judy to terms, helps grandp to beat Denny. Judy secures a gun and rescues the child and, hiding him, tells them they have killed him, showing them a bundle of bones at a grave she has made them dig, and kneels in prayer while they shovel the earth on the supposed remains.

Denny, who had been taken to Judy to the house of the beautiful stranger, called "The Lady of the Roses," is sent to a farm. Teddy Kingsland, the grandson of the Governor of the State who assisted Judy in carrying Denny to safety, falls in love with her.

Olive informs Judy that Jim has been chosen by an anarchist band to throw a bomb at the governor during a parade. Judy, determined to prevent the attempt on the governor's life, attends the parade, but seeing and recognizing the governor's grandson forgets for the moment her mission and fails to prevent the throwing of the bomb, which misses the governor but causes his horse to bolt. Judy throws herself on the horse and helps the governor to recover the fallen reins.

Due to the shock caused by the attempt on his life, the governor becomes seriously ill and, fearing death, confesses that all his wealth was stolen from the widow of a dead friend, who trusted him to take care of his widow and baby. The governor in his confession relates how he separated the mother and the child by offering to provide for the youngster and identifies Judy as the child, who, instead of being sent to school, was placed in the care of Grandp Ketchel, and some time later advised the mother of the death of her child.

When Peter, the governor's son and father of Lieut. Teddy Kingsland, learns who this child is and her whereabouts, he resolves to have his father, the governor, committed to an insane asylum in order to prevent the story becoming public and the money put into the hands of the rightful owner.

While under the influence of liquor, Jim tells Olive that Peter has paid him to take the governor to the asylum. Olive in turn tells Judy, who goes to the governor's house, rouses the governor from the effects of a drug and takes him to the home of the Lady of the Roses.

Jim suspects he was outwitted by Judy and the Lady of the Roses, and tells grandp, who proceeds to the house of the Lady of the Roses only to find that she is his long-lost daughter, Claudia.

Judy, on her way to bring medical aid to the governor, meets Ollie and learns that the anarchists have planned other assassinations. Teddy, who is looking for Judy, is sent to the police, and Ollie is ordered to get Jim out of the meeting-place at a signal from Judy. The police arrest the anarchists with the exception of Jim, who, assisted by Ollie, makes good his escape.

Teddy, from a remark made by Judy when he had rescued her from Jim's carresses, thought she was Jim's cast-off sweetheart, but when he learns it is Ollie that Jim had victimized, he begs forgiveness of Judy and at her instigation rights the wrong by frightening Jim into going to the ministers and marrying Ollie. Teddy and Judy go to the governor, who tells them that the Lady of the Roses is his dead friend's widow and Judy's mother.

Judy is overjoyed at the good news. She persuades Teddy to forgive her grandfather and the story ends happily. This picture will be at the Empress theatre on Monday and Tuesday.

G. W. V. A. GRAND MILITARY BALL NOVEMBER 11th

The masquerade ball given by the G.W.V.A. Nov. 1st, is a better augury of what may be expected in the Military ball to be given on the 11th than any written word could carry. The same committee is in charge and this is an assurance of its success. The General Officer Commanding Military District No. 13 has kindly granted permission to all ranks of the Canadian militia and ex-members of His Majesty's sea, land and air forces to wear uniform on this occasion—those members of the fair sex lately in His Majesty's service—are also included in the district order covering uniforms, and the affair will afford a glittering military display suitable to the sentiment of the Armistice anniversary.

FORT FRANCIS COMPANY GUILTY OF DEFRAUDING ONTARIO GOVERNMENT

TORONTO, Nov. 1.—That the Shelvin-Clark Company, Ltd., of Fort Frances, Ont., has defrauded the province of Ontario of large sums of money in connection with the timber limits, and that the attorney-general of Ontario should take action to recover this money and to prosecute all who have committed perjury and forgery in connection with the recent investigation. This is the substance of the interim report issued today by Justices Riddell and Latchford, who composed the Royal commission, investigating the issuance of timber licenses in the province of Ontario.—Calgary Herald.

ANOTHER REDUCTION IN THE PRICE OF SUGAR

NEW YORK, Nov. 1.—Arbuckle Bros., late today announced a further reduction of half a cent a pound in the price of fine grade granulated sugar to the basis of \$10.50, making a new low record for the season. The decline was brought about by a further reduction in raw sugar.—Morning Albertan.

GOV'T TO FIX DATE WHEN IMPORTATION WILL CEASE

Ottawa, Oct. 25.—An order-in-council is to be passed by the Dominion government fixing a date after which importation of liquor into the provinces which went "bone-dry" today, will be prohibited. Under the amendment to the Canada Temperance Act, passed last year, it is provided that after the prohibition of importation is declared to be in force.

(1)—No person shall import, send, take or transport into the province concerned any intoxicating liquor.

(2)—No person shall, either directly or indirectly, manufacture or sell, or contract or agree to manufacture or sell any intoxicating liquor to be unlawfully imported, sent, taken or transported into the province.

(3)—The carriage or transportation of intoxicating liquor through the province shall only be by means of a common carrier by water or rail way, and not otherwise, and during the time any intoxicating liquor is being transported or carried no person shall open or break, or allow to be open or broken, any package or vessel containing such intoxicating liquor, or drink or use, or allow to be drunk or to be used any intoxicating liquor therefrom.

For a first offence a penalty is provided if not less than \$200 and not more than \$1,000 or imprisonment in default of not less than three and not more than six months, for each subsequent offence, the penalty is imprisonment for not less than six and not more than twelve months. Exception is made in the case of liquor intended for sacramental or medical purposes or for manufacturing or commercial purposes, other than manufacture or used as a beverage. Today's dry votes will close an avenue of liquor traffic opened when the prohibition order-in-council was rescinded last December.

SWEEPING VICTORY FOR REPUBLICANS IN UNITED STATES

Final United States election returns are likely to leave the Democratic ticket with only support of the Southern block of states—Republicans cut into these too—Non-Partisan beaten in Montana—Governor Smith loses in New York—Boston and New York give unusual Republican support—Ohio chooses Harding as its favorite son—state and national victories almost everywhere for the Republicans.

DES MOINES, Iowa, Nov. 3.—Returns from 72 precincts out of 2360 in Iowa give Harding 16,618; Cox 5,214.

OMAHA, Nov. 3.—At 11.45 tonight Senator Harding had a plurality of 31,631 over Governor Cox. If the ratio is maintained the Republican candidate will carry the state by about 129,000.

HELENA, Mont., Nov. 3.—Returns early today from more than one-third of the 1482 precincts in Montana showed the Republican candidates for president, governor and congressmen leading their Democratic opponents by 6,000 to 22,000 votes.

A Real Landslide
NEW YORK, Nov. 3.—One of the most sweeping Republican victories in past history stood recorded for Senator Warren G. Harding for president and a Republican congress.

Tremendous and unparalleled Republican pluralities beginning with the first count of ballots in yesterday's election continued mounting today.

Defeat in their fight both for the presidency and congress was conceded early by Democratic national leaders on the basis of the increasing Republican vote and despite the absence, even early today, of final and official figures.

With the presidency and congress went loss to the Democrats of governors, state legislators and other state and local candidates. The break even threatened to extend into the border states, hitherto "solid south" with Republican gains in some southern states larger than any since the civil war.

Senator Harding's victory in what Governor Cox of Ohio, his Democratic opponent, and other Democratic leaders and many prominent Republicans hailed as the "solemn referendum" on the League of Nations was impressive. In the absence of final figures, the swelling tide of huge pluralities early today gave him assurance of 329 votes in the electoral college as against 127 for Governor Cox with 75 doubtful, inclusive of states where the Republican tide was running strong. The unofficial returns presaged a larger majority in the electoral college for Senator Harding and his running mate, Governor Coolidge of Massachusetts, than any since 1888 except alone the vote of 435 for President Wilson in 1912 during the Republican "split."

The Republican congressional swing was as strong, increased majorities in both senate and house being marked up. Early today victory for virtually all 15 Republican senators up for reelection was spelled by the returns, while about a half dozen of the 19 Democratic candidates were battling against Republican lands.

The first trial of woman suffrage contributed largely to the Republican majorities and also was a factor in delaying the count in many states. The millions of women's ballots also swelled the popular vote recorded beyond all records.—Lethbridge Herald.

APPENDICITIS

Warm Water Properly Applied Prevents Operations, and Has Cured Many Advanced Cases

Hundreds of operations for Appendicitis have been avoided by the "J. B. L. Cascade," and thousands of others who have had Stomach Trouble and Constipation for years have regained their health completely. Most troubles arise from poison accumulated in the Colon, which is absorbed into the system. Internal Bathing keeps the system clean, cures Constipation and the hundreds of ills which are directly traceable to it.

These letters from among thousands in our possession should convince you that Internal Bathing brings positive results. Mr. James McLaughlin, 91 Evanston street, Winnipeg, writes: "I bought a 'J.B.L. Cascade' for the cure of a bad case of Appendicitis. My doctors told me I must have an operation at once. I had spent more than fifty dollars in doctor bills, but the Cascade completely removed in a few days every trace of soreness and pain. I eat and sleep well now, have regained my former weight, and am now in perfect health."

A Mother from R.R. No. 1, Leamington, Ont., writes: "About two weeks ago our eldest son took sick with Cramps in the Bowels so bad he could not move. Our doctor gave him hypodermic injections and ordered him to the Hospital to be operated on at once. Before doing so, however, I induced him to use the 'J.B.L. Cascade,' and in less than a week he was up and around, and has been well ever since. It also cured me of severe Headaches and Constipation. I cannot praise the Cascade enough. It certainly is a wonderful invention."

If you have Constipation, Headaches, Appendicitis, or feel languid and not just right, don't drug yourself, bathe internally. The "J.B.L. Cascade" is being shown and explained at A. D. Ferguson's, Druggist, Macleod, Alberta.

Ask for booklet, or write Tyrrell's Hygienic Institute, 163 College Street, Toronto.

J. P. McLaren, formerly Dominion Express Agent here, now acting in that capacity at Cranbrook, was a Macleod visitor this week. In conversation with Mr. McLaren The Times representative gleaned the following facts regarding the accident which befell Mrs. McLaren about October 5th. It appears that Mrs. McLaren ordered some hydrofluoric acid from an American concern with which to remove hand-painting on China. Being unaccustomed to its use the lady dipped a piece of cloth in the deadly acid with the object of applying it to the China—she at once felt the sting of the stuff and threw the cloth from her—but not before the acid had commenced to eat into the tips of her fingers and her thumb. Medical aid was at once summoned but eventually three fingers on her right hand had to be amputated at the second joints and also a great portion of the thumb. The amputations have healed but Mrs. McLaren's hand is irretrievably mutilated.

Fire at Margaret, Man., a small village south of Brandon, destroyed eight buildings with a loss of \$35,000.

BRITAIN PROTECTS HER SUBJECTS

WASHINGTON, Nov. 1.—Great Britain has agreed to a settlement of the claim against Mexico growing out of killing of Wm. S. Benton, a British subject, near Juarez on February 17, 1914. Mexico is to pay \$10,000 cash to Mrs. Benton and a pension of \$2.50 a day as long as Mrs. Benton remains unmarried.

International Dancers are advertising a dance and waltz contest in this issue of The Times and has requested us to state that their policy is to give a strictly up-to-date dance—no rowdiness, and a good time for all in attendance. Special prizes for best waltzing couple and that 10 per cent. of the receipts will be donated to the G.W.V.A. Smith's orchestra will furnish the music.

We note that the Ma Ho Laundry has been taken over by Mar Hong, an old time resident of Macleod and who used to run a laundry here some few years ago. We are sure that his old patrons will be glad to hear of this as his work was always done most satisfactorily.

OXO GENERATES HEAT

Concentrated Beef Cubes Fortify Body Against Chills.

An Oxo cube dissolved in a cup of hot water is a splendid thing to take before going out in the cold or damp, or on coming in, if one feels the slightest ill effects. Besides its nourishing and invigorating properties, Oxo acts as a fuel in the body, generating heat that the system requires.

Oxo cubes—in tins of four and ten cubes—have endless possibilities. For soups, sauces, gravies, savory dishes and meat jellies, they do all that meat could do, and do it quicker and with less trouble. Use Oxo cubes with "left-overs" and oddsends for new, delicious dishes.

There is nothing better than Oxo for building sturdy boys and girls.

THE SEEING EYE

Principal Reynolds of the Ontario Agricultural College thus delivers himself in the Agricultural Gazette of Canada:

The teacher who hopes to take a right place in the life of the country school district must cultivate the seeing eye and the understanding heart for persons and things rural. The usual, popular, melo-drama, comic supplement, moving picture conception of the farmer and of country people must be forgotten. It is essentially and perniciously false. The farmer is something of a humorist, and takes delight in deceiving the simple-minded by a somewhat unfinished exterior. The city bred person makes the fatal mistake of judging by outside appearances. To the city-trained eye there are two classes of persons, one wearing overalls and the other wearing white collars. The former class work with their hands. The latter class work with their brains. That is the superficial judgment, which ignores the fact that there is a very great deal of clear, hard thinking done to-day by the men wearing overalls. At any rate, the farmer belongs to both classes. The more he understands of those discoveries, which it is the business of the agricultural college to make, the more he absorbs the teaching which it is the business of the college to spread abroad, the better farmer will he be.

FORMER MACLEOD MAN OUT FOR CALGARY COUNCIL

W. Turner, proprietor of the English Auction Mart, is in the ring for aldermanic honors at the forthcoming municipal elections. H. Turner is well known in the city as a business man who has taken an active interest in public affairs for some time past. He is a property owner, a member of the board of trade, an active worker in the Army and Navy Club, a member of the vestry of the church of the pro-Cathedral of the Redeemer and an official of the Men's Club of the pro-Cathedral. He has been a justice of the peace for some years.

Before commencing business in Calgary as an auctioneer and valuator, Mr. Turner was engaged in farming in the Hazlemere district, where he was secretary of the local school district and of the local of the U.F.A. His name figured prominently in the prize list of the agricultural exhibitions of southern Alberta, and in 1914 he won first for the best sample of wheat at the Lethbridge fair, grading a second in the same year at the Dry Farming

Mr. Turner, when asked by various local organizations to present himself as a candidate, hesitated on account of the very serious sacrifice of business time which service in the city council entails. However, it is understood that he has now decided to enter the field.

REACH & CO.

The U. B. Co. have told you all that they are giving up business this year. It is needless to say that we all will miss them. They had it in their power to be very aggressive or tyrannising with their small competitors. But on the other hand they were civil and courteous. This is important to the merchants and yourselves. It is policy to keep the old reliable stores up to date and able to enter to the increased trade. To do this, however, fresh stock will have to be put in. This is where you, the purchasing public, come on the scene. When the company pull out it means other stores coming in—Jew stores or men who have no sympathy with you and who come for the cash—with Eastern ideas of getting it. Now you can still keep the old merchants in business and enable them to get fresh goods and a larger stock by paying up your bills, even if you have to borrow to do so. These men have trusted you, had faith in you and know the peculiar circumstances many of you were placed in. So by paying them what you owe they can at once re-invest the money buying a larger stock. This is a case in which honesty is the best policy, and you can't be honest when you keep or spend the money instead of paying the merchant what you owe.

A BAD GUIDE

Rev. Ben Spence, secretary of the Dominion Alliance, says the "dry" victories in the western provinces and Nova Scotia are a definite pronouncement by the people of Canada for a bone-dry Dominion. In the language of the street, Mr. Spence is "kidding himself."

"Dry" victories in western Canada were such doubtful affairs that prohibition leaders in touch with the situation have done little more since voting day than express regrets. All that they indicate is that a very small majority of an equally small minority of the total electorate favor further restriction of the liquor traffic, insofar as the restriction is involved in inter-provincial trade. This is far from being a "bone-dry" Dominion mandate.

Rev. Ben Spence is not a good guide for the prohibition forces of Canada to follow. He is of the intolerant class that is delaying real progress in the cause of true temperance.

THE MILKING OF COWS

Shall cows be milked twice of three times a day? To the average reader this may seem of small concern. To the farmer and dairyman it is a question of considerable interest. Tests have recently been made in Nova Scotia, Quebec and Ontario. Professor Barton of Macdonald College says that it has been found from the standpoint of economy and safety that a cow giving 60 pounds of milk a day should be milked three times. Both Professor Trueman of the Nova Scotia Agri-

cultural College and Professor Barton are agreed, however, that unless the udder is over distended there is little or no advantage to be gained by milking three times a day. These authorities are quoted in the September number of the Agricultural Gazette of Canada. Professor Wade Toole also contributed to a solution of the same problem by giving results of tests made at the Ontario Agricultural College. These tests are to be continued and Professor Toole hopes to be able to give a more definite opinion another year than he does at present. In the mean time he shows that three high-class pure-bred cows gave more by three than by twice milking a day. His present conclusions however, are the same as those of Professors Barton and Trueman.

"LEST WE FORGET"

(Armistice Day, Nov. 11th, 1918.)
A few more seasons wane,
The wearied ones still rest,
Free, free from war's dark stain,
At peace amongst the blest.
Shall we on earth forget
A sacrifice so brave?
In memory... they are with us yet,
Who died, our cause to save.
Only a journey short,
A peaceful acorn of sleep,
A voyage to the heavenly port,
Where just reward they reap.
There peace survives, not with the sword,
And life's one blissful dream.
Rejoicing in His Holy Word,
Beyond that crystal stream.
Ever we think... though peace doth reign
Of heroes 'neath the sod—
Now free from battle, strife and pain,
At rest... with God.
CHAS. K. UNDERWOOD.
